DO YOU THINK HAPPINESS MATTERS?

HAPPINESS IS A SKILL TO LEARN

THE ULTIMATE CURRENCY TO EARN

- Coach Kanchon

WHO WE ARE

'What is the ultimate purpose of human existence?' For centuries, people have been searching for this answer. Philosophers have been pursuing the inquiry of this question since the very beginning of civilization. For some, the purpose of life is not just to live, but to live 'well'. For some, it is happiness that should be the ultimate. But the big question is, can people be happy? Can happiness be achieved? That's where Coach Kanchon comes in. Being the first ever international certified happiness coach in Bangladesh, Coach Kanchon has the answers.

As an entrepreneur, business mentor, best selling author, public speaker and doing business for over 15 years, Coach Kanchon has shown the path of pursuing happiness to thousands of individuals, entrepreneurs, students, corporate executives and service-holders. Aristotle once said, 'for as it is not one swallow or one fine day that makes a spring, so it is not one day or a short time that makes a man blessed and happy'. Thus, happiness can only be achieved...

Come, join us and with **Coach Kanchon**, find happiness- 'the ultimate purpose of human existence'.
